Subject: **Rockland**
Project No. BH-6069(20) & 6069.40
Pin No. 6069.20 & 6069.40
Amendment No. 5

Dear Sir/Ms:

Please make the following change to the Bid Documents:

On the "Notice to Contractors" page, in the first paragraph, within the first sentence, change the Bid Opening Date from: **October 4, 2006 to October 11, 2006**, Make this change in pen and ink.

The following question has been received.

Question: What are MDOT's requirements for steel fabricators to be able to supply material for this project besides AISC's Fracture Critical Certification for that portion of work?

Response: The Transfer Bridges and the associated towers will require AISC Cbr or Sbr certifications with the appropriate endorsements. All other fabrication will be considered under the Ancillary Products certification requirements.

Consider this change and information prior to submitting your bid on October 11, 2006.

Sincerely,

Scott Bickford
Contracts & Specifications Engineer
